

Lead-Based Paint Certification Training Bloomington, IN ~ February 22, 2012

Beginning April 22, 2010, **if your company engages in** remodeling and repair/ maintenance, electrical work, plumbing, painting, carpentry, or window replacement that disturbs 6 square feet or more of paint per room inside, or 20 square feet or more on the exterior of a home, child care facility or school built before 1978 then **you must have at least one worker** from your firm **be a certified lead renovator.**

**Renovate
Right!**

The training focuses on new work practices and important information needed to comply with the U.S. Environmental Protection Agency's Lead-Based Paint, Renovation, Repair, and Painting Program which went into effect April 22, 2010.

Attend the full-day training class and receive certification for five (5) years.

Class sizes are limited so REGISTER today!!!

Fines can be up to \$37,500 per day, per violation!
